The university submits its capital outlay funding request for the next legislative session in June of each year. Requests for state appropriations should be submitted as part of a long-term combined capital outlay plan. Funding for current and future projects comes from a variety of sources. Other updates for the Board of Regents on additional projects for NMSU campuses that are envisioned for accomplishment over the next five to ten years were included. Also in the plan, are the active federal initiatives. Several of these will require state capital outlay funding. This plan is inclusive of all of the campuses of New Mexico State University. If approved, the university will present the complete Capital Outlay Plan 2009 to the Department of Higher Education. A subsequent step will be to then focus on the top institutional priorities for the coming legislative session.

(c) Approval of Operating Budget for Fiscal Year 2009-2010 (Senior Vice President Jennifer Taylor)
Senior Vice President Taylor and Director Price gave a presentation requesting the approval of the Operating Budget for Fiscal Year 2009-2010. Approval is required for the submission to the New Mexico Higher Education Department of the proposed operating budget. The proposed budget for all campuses is $671,494,258 with operating funds of $593,199,294 and capital outlay (plant) of $78,294,964. Campus totals for each of the individual campuses are as follows: Las Cruces $558,689,625, Alamogordo $20,264,572, Carlsbad $21,303,502, Dona Ana $63,173,848, and Grants $8,062,711.

(d) Approval of Lease by and between Tomorrow 33 Pinetree Center LP, a Delaware limited partnership (“Landlord”), and the Regents of New Mexico State University, an Institution of Higher Education of the State of New Mexico (“Tenant”), for Suite No. 100 in the building located at 4501 Indian School Road Ne, Albuquerque, NM 87110, Bernalillo County, within the Pinetree Corporate Center (Director Fred Ayers)

In November of 2004, the university leased 9,858 square feet of office space in the Compass Bank Building for the consolidation of leased space in the Albuquerque area and the establishment of academic space consisting of three classrooms. Over the last four years, an additional 4,909 square feet has been leased to accommodate growth of the various university programs, bringing the total leased space to 14,767 square feet. Due to increased demand for additional classrooms and continued growth of programs, efforts to lease additional space in the building began last fall. The principal owner of the building (Compass Bank) has been unwilling to accommodate our projected needs.

As a result of the financial condition of the College of Santa Fe, the owner of the building in Albuquerque, in which they have a leased facility, began offering their facility for lease, subject to termination of the College of Santa Fe’s lease. Negotiations with the owner resulted in a proposal with very favorable terms and conditions for the university to lease the facility. In order to secure an exclusive negotiations position, a non-binding letter of intent was signed committing the university to pursue a mutually agreeable lease agreement. The negotiations have resulted in the proposed lease which will allow the university to acquire a facility at below market rates with terms and conditions that provide maximum flexibility and minimum risk.

Regent Conniff moved, seconded by Regent Pino, to approve the Lease by and between Tomorrow 33 Pinetree Center LP, a Delaware limited partnership (“Landlord”), and the Regents of New Mexico State University, an Institution of Higher Education of the State of New Mexico (“Tenant”), for Suite No. 100 in the building located at 4501 Indian School Road Ne, Albuquerque, NM 87110, Bernalillo County, within the Pinetree Corporate Center. The motion carried unanimously.
