(a) Approval of Operating Budget for Fiscal Year 2008-2009 (Senior Vice President Jennifer Taylor)

Senior Vice President Jennifer Taylor gave a presentation and requested the approval of the Operating Budget for Fiscal Year 2008-2009 for all campuses. She provided a summary of the proposed operating budget. The proposed budget for
all campuses is $626,940,995 with operating funds of $560,310,691 and capital outlay (plant) of $66,630,304. The campus totals were: Las Cruces, $528,374,053; Alamogordo, $18,033,613, Carlsbad, $15,692,667; Doña Ana, $57,592,429; and Grants, $7,248,233.

Regent Conniff moved, seconded by Regent Anaya, to approve the operating budget for fiscal year 2008-2009.

Ms. Donna Hill from the Center for Academic Success and member of the union read a statement on behalf of Ms. Leilani Horton from the Library, who could not be present at the meeting. The statement indicated that AFSCME Local 2393, a legal entity at NMSU, has not been recognized by the Board of Regents as such and has not been given a proper position on the Board’s agenda. She stated that the union was not included in the budget planning meetings when salary increases were being discussed. She indicated the union was asking for the full five percent raise for all bargaining unit members, as well as having NMSU pay the increased insurance costs. Ms. Hill indicated that the Board seems to be more open and welcoming and that the union looked forward to working with the Board on this agenda.

Regent Gallagher said someone might interpret that statement as suggesting the contractual agreement with the union had been violated. He advised for everyone to read the entire contractual agreement to understand why the steps presented have been taken.

Ms. Barbara Arispe said that she has noticed that job openings are often extended. She indicated this may be happening because salary does not attract them. She also indicated that job descriptions need to be reviewed.

The motion carried unanimously.

(b) Approval of a Revised List of Peer Institutions for New Mexico State University (Dean Garrey Carruthers)

Dean Garrey Carruthers gave a presentation and requested the approval of a Revised List of Peer Institutions for New Mexico State University. He presented a list of the proposed new peer institutions against which NMSU will be measured.

University of Arizona
University of Arkansas
Colorado State University
Iowa State University
Regent Conniff moved, seconded by Regent Kellum, to approve the Revised List of peer Institutions for New Mexico State University.

Ms. Barbara Arispe asked if, in creating this peer group, it would make the credits transferable between the two universities. Dean Carruthers articulation between universities was a separate issue.

The motion carried unanimously.

(c) Approval of 2009 Capital Outlay Request (Senior Vice President Ben Woods, Director Michael Rickenbaker, and CIO Shaun Cooper)

Senior Vice President Woods, Director Rickenbaker, and CIO Cooper gave a presentation on the 2009 Capital Outlay Request and asked for its approval. Senior Vice President Woods indicated New Mexico State University will be submitting its capital outlay requests for the next legislative session to the Higher Education Department (HED) in June 2008. The Regents were presented the updated five-year capital plan for each component of the NMSU system. Of significance was the approval of the priority of the proposed projects and the amount that would be requested from the legislature. The presentation included both “brick and mortar” capital items, as well as information technology items.

Regent Curtis moved, seconded by Regent Kellum, to approve the 2009 Capital Outlay request.

Mr. Lawrence Rodriguez with AFSCME said he was in support of the 2009 Capital Outlay Request, but indicated that some union representatives had concerns about
unsafe conditions at the Grants campus. He asked if this capital outlay would take care of those things needing repair.

Regent Gallagher responded that his concerns would be taken to the Grants campus.

Senior Vice President Woods stated that architects and engineers inspect the campus to ensure that the campus is structurally safe and that issues described by Mr. Rodriguez are dealt with appropriately.

The motion carried unanimously.

(d) Approval of Lease Agreement by and between the Regents of New Mexico State University (“NMSU”) and the Las Cruces Public Schools (“LCPS”), approximately 100 Acres situated in the SW 1/4 Section 14, Township 23S, Range 2E, Doña Ana County, New Mexico (Director Fred Ayers, Superintendent of the Las Cruces Public Schools Stan Rounds, and Herb Torres of the Las Cruces Public Schools)

Senior Vice President Woods presented the lease agreement for a public high school site on the NMSU campus. He said New Mexico State University would lease to the Las Cruces Public Schools (LCPS), a tract of land, consisting of approximately one hundred (100) acres situated in the SW 1/4 Section 14, Township 23S, Range 2E, Doña Ana County, New Mexico. The terms of the lease are 100 acres leased for a term of 50 years at the rent of $1 per year for use as a high school site.

Mr. Stan Rounds made a presentation outlining the steps the Las Cruces Public Schools Board took ending in the selection of the site for the new high school. He also outlined the growth in the student population at the present high schools in Las Cruces and indicated the need for re-zoning of the school districts next year.

Regent Conniff moved, seconded by Regent Anaya, to approve the Lease Agreement by and between the Regents of New Mexico State University (“NMSU”) and the Las Cruces Public Schools (“LCPS”), approximately 100 Acres situated in the SW 1/4 Section 14, Township 23S, Range 2E, Doña Ana County, New Mexico. The motion carried unanimously.

(e) Approval of Tuition and Fee Guidelines for Fiscal Year 2009-2010 through Fiscal Year 2013-2014 (Senior Vice President Jennifer Taylor)

Senior Vice President Taylor gave an introduction of the Tuition and Fee Guidelines for Fiscal Year 2009-2010 through Fiscal Year 2013-2014 and requested the Board’s approval for a five-year tuition agreement between ASNMSU and university
administration. The current five-year tuition agreement expires effective Fiscal Year 2008-2009. The new agreement has been approved by President Martin, Provost Cruzado, members of the administration, and the Budget Committee.

ASNMSU President Marisa Ortega presented the terms of the agreement which she said were very similar to the terms of the past agreement. The only change was a lowering of the agreement to keep it from a ten percent tuition combined with fees to a six percent. NMSU has agreed that tuition increases for full-time resident students of the Las Cruces campus will be no greater than six percent per year above whatever the state legislature establishes as a tuition credit for the year and no more than 34 percent net of tuition credits with a base cost at the beginning of the agreement period during the life of the agreement. The agreement will also apply to those students who live within the 135-mile agreement. The agreement will be subject to amendment under specific conditions.

Regent Anaya moved, seconded by Regent Conniff, to approve the Tuition and Fee Guidelines for Fiscal Year 2009-2010 through Fiscal year 2013-2014. The motion carried unanimously.

(f) Approval of Resolution Delegating Authority for Limited Real Estate Transactions and Directing Staff to Amend Policy 9.20 of the NMSU Policy Manual (Regent Bob Gallagher and Senior Vice President Ben Woods)

Senior Vice President Woods made a presentation and requested the approval of the proposed delegation of authority for the purpose of streamlining and making the process of limited real estate transactions more efficient. The limited transactions included those involving a term of less than five years, transactions not to exceed a total university cost liability of $100,000 during the initial term, and transactions that are not legally required to be filed of record to protect the university’s interest.

Regent Gallagher requested that as this process is started, a written report of the transactions they would normally sign, be provided to the Board.

Regent Kellum moved, seconded by Regent Anaya, to approve the Resolution Delegating Authority for Limited Real Estate Transactions and Directing Staff to Amend Policy 9.20 of the NMSU Policy Manual.

Regent Curtis asked that the Board be kept apprised of issues coming up so that they know what is being done and where money is being spent.

11. **INFORMATIONAL ITEMS**

    (a) Recruitment Research Team Report (Dean Garrey Carruthers, Assistant Vice President Bernadette Montoya, and Dr. Jim Peach)

Assistant Vice President Montoya gave an introduction to the presentation on recruitment efforts (Appendix A).

Dr. Jim Peach described a study used to determine the effectiveness of NMSU’s recruitment efforts, with an emphasis on out-of-state students. The research methods used were an online survey of students who inquired about NMSU, and an analysis of NMSU’s prospect database of 46,548 recruiting records. The results were that of 208 out-of-state students, 115 were from the El Paso area, 51 of the remaining 93 were enrolled under the WUE program. The highest yields were from Texas, California, Arizona, and Colorado. The conclusions based on the database analysis were that in-state recruiting efforts have a much higher yield and conversion rates than out-of-state efforts, and NMSU attracts very few first-time students from large out-of-town-state urban areas. Dr. Peach indicated that the recommendations of the Research Team Members were that the Arrowhead Office of Policy Analysis be funded to continue research next year to effect a more cost effective, targeted out-of-state recruiting strategy.
(b) Why High School Students Choose NMSU Engineering - Results of the Engineering Freshman Survey (Dean Steve Castillo and Dr. Krist Peterson)

Dean Castillo stated that he had asked Dr. Krist Peterson to undertake a survey of full-time, first-time, freshman engineering students to explain increased enrollment in the College of Engineering.
